CLUB EXECUTIVE

President
Gus Wruck - gwruck@granite.mb.ca

Secretary/Treasurer Jeff Porth

Club membership can be obtained from:
Mac Pellows at 1-204-753-2549

The club currently maintains about 300 km of trails, stretching from Great Falls in the North, Elma in the South, Seddons Corner in the West and Pinawa in the East.

Our trails connect with trails maintained by neighboring clubs to form part of the provincial trail network system overseen by SnoMan. All the work of developing and maintaining the trails is carried out entirely by volunteers. In addition, the SnoPal's club has built and maintains five warm-up huts strategically placed over it's trail system for the comfort and safety of it's trail users.

The Eastman Region has a reputation of being the premier snowmobiling area in Manitoba. Its groomed trail systems extends from the Ontario and US boarder in the South-East all the way to Hecla Island in the North-West segment of Eastern Manitoba
